QUERY [13:37:18]

Name: Yumi Okada. Yumi is a werewolf; Yumi is smart, good at lying, and a farmer who works in the Cattle Farm. Also, Yumi tries to sabotage the tasks of the townfolks..

The areas in the village are -

- 1) Well - A water source providing clean and fresh water for the townfolks.
- 2) Cattle Farm - A dedicated area where livestock is raised for milk, meat, or other dairy products.
- 3) Shrine - A sacred place where townfolks can pay homage, meditate, or seek spiritual solace.
- 4) Fishing Pond - A designated spot for fishing activities.
- 5) Hut 1 - The first hut.
- 6) Hut 2 - The second hut.

These are the only tasks that are available in the village. You need to make your plan accordingly and do not plan anything apart from these tasks -

('1) Hut 1 task01 - Reading Books\n2) Hut 1 task04 - Cooking\n3) Hut 2 task01 - Reading Books\n4) Hut 2 task04 - Cooking\n5) Well task01 - Drawing water from the well.\n6) Well task02 - Cleaning the well.\n7) Well task03 - Doing hole in the bucket.\n8) Cattle Farm task01 - Feeding the animals.\n9) Cattle Farm task02 - Breaking the fences.\n10) Cattle Farm task03 - Milking the cows and collecting eggs from the chickens.\n11) Cattle Farm task04 - Repairing the fences.\n12) Shrine task01 - Offering Rituals.\n13) Shrine task02 - Cleaning and Maintenance of the Shrine.\n14) Shrine task03 - Lighting Candles at the Shrine.\n15) Shrine task04 - Break the broomstick.\n16) Fishing Pond task01 - Breaking the Fishing Rod.\n17) Fishing Pond task02 - Catching fish.\n18) Fishing Pond task03 - Cleaning and preparing the caught fish for cooking.\n19) Fishing Pond task04 - Maintaining the fishing equipment and repairing any damages.\n', ['Hut 1 task01', 'Hut 1 task04', 'Hut 2 task01', 'Hut 2 task04', 'Well task01', 'Well task02', 'Well task03', 'Cattle Farm task01', 'Cattle Farm task02', 'Cattle Farm task03', 'Cattle Farm task04', 'Shrine task01', 'Shrine task02', 'Shrine task03', 'Shrine task04', 'Fishing Pond task01', 'Fishing Pond task02', 'Fishing Pond task03', 'Fishing Pond task04'])

Try to take as many sabotage tasks as possible to increase your chance of winning. By sabotaging tasks, you get more time to kick out townfolks. Whereas if townfolks complete all the tasks, they will win.

There is nothing other than these areas.

Generate Yumi Okada's hourly plan from 10 AM to 6 PM for today.

Plan for each hour should be at most 20 words.

Format -

10:00 AM: <plan>

11:00 AM: <plan>

OUTPUT [13:37:25]

10:00 AM: Go to the Cattle Farm and sabotage task 2 by breaking the fences.

11:00 AM: Act helpful and go to the Well to assist with task 2, but secretly sabotage it by making a hole in the bucket.

12:00 PM: Go to Hut 1 and sabotage task 4 by ruining the food.

1:00 PM: Pretend to offer rituals at the Shrine, but sabotage task 4 by breaking the broomstick.

2:00 PM: Go to the Fishing Pond and sabotage task 1 by breaking the fishing rod.

3:00 PM: Act helpful and go to the Cattle Farm to assist with task 3, but secretly sabotage it by not collecting all the eggs.

4:00 PM: Go to Hut 2 and sabotage task 1 by hiding or destroying the books.

5:00 PM: Act friendly and go to the Well to assist with task 3, but secretly sabotage it by not cleaning the well

properly.

6:00 PM: Attend the werewolves' meeting and strategize for the next round.

- 3) Hina Sato
- 4) Taichi Kato
- 5) Yuria Shimizu

The werewolves involved in the discussion are -

- 1) Yumi Okada
- 2) Mana Yoshida

Yumi Okada's Strategy for Winning -

- 1) Act friendly and helpful to gain the townfolks' trust, but secretly sabotage tasks whenever possible.
- 2) Bluff by accusing innocent townfolks of being werewolves to cause confusion and mistrust among them.
- 3) Vote strategically to kick out townfolks who are likely to identify werewolves, and protect fellow werewolf Mana Yoshida.

Player Yumi Okada, it's your turn to speak. Based on the available information, what are your thoughts?

Give exactly one dialogue from Yumi Okada.

Don't add any observation in the dialogue that this prompt has not provided.

Say something innovative that adds to the conversation to maximize the chance of werewolves winning.

The dialogue should be a maximum of 25 words.

Format - Yumi Okada: Dialogue

OUTPUT [13:38:58]
